SaveBAREC No on Measures A & B Committee  
FPPC# 1302295

## Mission

Advocate sound land use and environmental quality of the BAREC property, keeping public land public.

## Vision

Promote BAREC reuse as agricultural, cultural, historical, and community open space ensuring native healthy soil through safe organic methods.

## Some Options

Vote to bring back the last part of the Valley Of Heart's Delight.

### Option One: Little Green Farm

Use showcase techniques to stage an urban micro-farm to sustain health. Show how it makes a difference.

### Option Two: Historical Center

Preserve this agricultural heritage and historical site as a living museum.

### Option Three: Research Center

BAREC do healthy research on the future of California's agriculture.

### Options Four: Education Center

Encourage children to learn of their agricultural heritage, food origins, nutrition and delicious diets from soil.

SaveBAREC No On Measures A and B

**Vote NO on A & B**  
**On Feb 5<sup>th</sup> 2008**

## Valley of Heart's Delight

Merge Silicon Valley to its past by keeping the part we call heart.

Bay Area Research and Extension Center

90 North Winchester Blvd, Santa Clara

Save this last 17 acres of agricultural open space.

### BAREC Made California Golden

BAREC agriculture research made California the world's leading fruit source, creating untold wealth.

### Save Public Land for the Public

The developer and the State would sell public land to make private profit. Save public land for public parks.

SB Leaflet1 Options

# Vote Feb 5, 2008 Vote No on A & B

## Keep Public Land PUBLIC!

Feb 5<sup>th</sup> Santa Clara voters can save the last 17 acres of agricultural land from the Developer's bulldozers.

## Proposed Land Division

- 60% Wealthy Estates
- 18% Senior Apartments
- 16% Private Lawn
- 6% Public Space

## Ownership

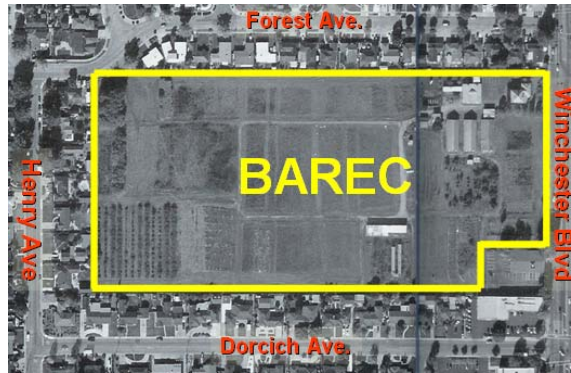

The State owns property. The City controls the zoning. The vote controls how we keep California golden.

## Proper Cleanup

For 85 years BAREC accomplished fertilizer and pesticide research. To be restored to safe levels, the soil needs extra special clean up for its extra toxic research site chemicals.

## Bioremediation

State approved *bioremediation* safely returns purified soil to its pristine natural state without removing it.

90 North Winchester Blvd

## BAREC Could

- Reduce Carbon Footprint
- Increase Health Awareness
- Provide Locally Grown Organic Food
- Purify Contaminated Soil
- Bring Back Community
- Education for Kids
- Sustainable Food Systems
- Reduce Energy Use
- Reduce Pollution & Poisons
- Reduce Pesticides
- Help Master Gardeners
- Support School Gardens
- Save Our Soil (SOS)
- Teach Backyard Farming

## The Choice is Yours

SaveBAREC supports the citizens of Santa Clara's right to vote their choice on how best use this treasured land.

SaveBAREC No On Measures A and B

## Considerations

- LAST 17 acres agricultural land
- Deny Zoning Change Resolution
- Keep land Agricultural
- Deny General Plan Amendment
- Return the General Plan to a non-specific project design
- Demand State and City use a safe and most effective process to restore BAREC soil-*Bioremediation!*
- STOP traffic congestion on Winchester and Stevens Creek
- We Support Senior Housing

## Keep the Traffic Flowing

Do not be fooled! Traffic jams will occur on Winchester and Stevens Creek and the intersection will get worse. Include safe senior crossing.

## Let the Citizens Decide!

We advocate saving the last 17 acres of agricultural land. Let Santa Clara citizens vote to decide BAREC's future. Everybody wins!

Support BAREC with your: donations, volunteer time, or expertise!
